# About Us

Bamina Jewelry is one of the custom jewelry manufacturers which produce high-quality jewelry at competitive prices. With a state-of-the-art production facility in Istanbul Turkey, we have earned a reputation among our clients.

# Our Mission

We aim to be an affordable high quality manufacturer of gold and silver jewellery. Our mission is to provide an extensive collection of custom jewelry in order of meet the needs of our customers.

## Gold Jewelry

Our services allow you to design your own custom gold jewelry. We have a collection of designs and work with diamond & gem dealers allowing you to get the best rates possible.

## Silver Jewelry

Bamina Jewelry is a custom silver jewellery manufacturer meeting your needs and surpassing your expectations. We create pieces that reflect your style, personality and values.

# Custom Jewellery Manufacturer

We can create a great art jewelry collection in fine jewelry making using just your thoughts, photos, or CAD designs.

# Release Timeline

Our jewelry designers would be delighted to assist you in designing your ideal jewelry. We'll walk you through the creation process, starting with your ideas. Our designers are with you every step of the journey, from a rough sketch to a 3D model to a gorgeous handcrafted jewelry.

## Sketching

### Step 1

Every item of jewelry begins with a simple concept, followed by a simple CAD design.

## 3d Modelling

### Step 2

The first step toward turning your vision into reality is to create a professional jewelry 3D model.

## Prototype

### Step 3

We use computer-aided design (CAD) software tools to develop a unique jewelry prototype

## Production

### Step 4

The goal is to make the metal shine and be free of blemishes, giving it a high-end appearance.

# Bring Your Idea to Life

Looking for the perfect gift for a loved one? We can help you create your own custom jewelry.

Our designers will walk you through the creation process from rough sketch to 3D model to handcrafted jewelry.
